GIVING TIRES NEW LIFE IS WHAT WE LIVE FOR

Old tires are gaining traction!
We Ontarians are pretty excited
about the benefits of recycling
our old tires and our efforts are
really starting to show!

RethinkTires.ca

WE'VE RECYCLED OVER 100 MILLION TIRES

**That's a reduction in carbon emissions
equivalent to taking 898,000 cars off the road.**

We are a not-for-profit organization that has taken 100 million used tires and recycled them into innovative products that you enjoy every day. When your tires begin to look worn down, just drop them off at any of our registered Collectors throughout Ontario. And when you buy products made from recycled tires, you help the environment and the economy! Now you're rolling Ontario!

We've also made a difference in communities and industries across Ontario. OTS has awarded over \$1 million in grants to fund community revitalization projects and we have supported job creation with over \$100 million in processing and manufacturing incentives, R&D and innovation investments.

Visit rethinktires.ca to find a drop-off location near you.
