

Rethink your relationship with tires

Email sent on 10/22/2014

Dear Processors,

OTS has posted a RFP on its main website for the purpose of identifying a vendor to undertake a comprehensive analysis of reviewing the yield rate of crumb from Off the Road Tires that are produced at Ontario Processor sites throughout the province of Ontario. For details on the RFP please see here: <http://rethinktires.ca/off-the-road-yield-rate-study-rfp/>

The successful candidate would visit processing facilities capable of breaking down OTR tires and help conduct the yield testing across the province.

If you and your facility would be interested in cooperating with the vendor in order to use your facility for its testing of OTR tires, or have any additional questions in regards to the RFP, please contact me directly at sgluchowski@rethinktires.ca.

Thank you,

The OTS Team
