

OTS Technical Advisory Committee Meeting

Wednesday, September 20th, 2017

For Audio Dial 416-343-2285 or 1-877-969-8433

PIN# 4467765

Meeting Objective

The Technical Advisory Committee meeting is intended to provide updates from OTS, and get feedback and suggestions from program Participants of a general nature about the OTS Program

Open discussion is encouraged, the meeting is not intended to be advanced warning of upcoming changes, rather to discuss proposed changes.

NOTE: The Technical Advisory Committee meetings are open to all registered operational participants: Collectors, Haulers, Processors, RPMs.

Session is being recorded in order to accurately capture comments for preparation of notes.

Agenda

- 1) Diversion Rates
- 2) Tire Collection Update
- 3) Tire Transportation and Delivery Update
- 4) Tire Processing & Manufacturing Update
- 5) Transportation Rates – October 1st
- 6) TreadMarks Online
- 7) Upcoming Consultations
- 8) Program Updates
- 9) Next Meeting Dates
- 10) Adjourn Meeting

1) Diversion Update

- Data below shows tonne of tires supplied, collected and delivered.
- January 2017 – June 2017
- Supply & Collected weight is based on estimated weight
- Deliveries is based on actual weight

2017

Supply	Tonnes	Collected	Tonnes	Deliveries	Tonnes
PLT	57,580	PLT	41,668	PLT	43,818
MT	21,240	MT	16,166	MT	16,204
OTR	10,906	OTR	8,196	OTR	8,354

2016

Supply	Tonnes	Collected	Tonnes	Deliveries	Tonnes
PLT	55,293	PLT	41,459	PLT	41,784
MT	21,601	MT	14,951	MT	14,489
OTR	9,682	OTR	7,625	OTR	7,096

2) Tire Collection Update

Collector Filing

- Collectors are to file as per the normal claim period deadline dates which are outlined on our website
- Please review all transactions with Haulers as there have been complaints of some tire counts being increased on claims.
- Mobile transactions do not automatically submit the Collector's claim
- If you are allowing a Hauler to submit tire counts and claims on your behalf, please make sure you've notified OTS that the Hauler has permission to do this.

3) Tire Transportation and Delivery Update

- Mobile Device Users (Haulers & Processor) if there is any mobile transaction that was sync'd after you submitted your claim, the mobile transaction will go into the correct claim month as long as the claim is not approved by OTS yet. If the claim is approved, the mobile transaction that was sync late, may be made invalid.
 - Syncing daily would help the above from not occurring
- Yard Counts – Reminder to be very accurate on your yards
 - When completing a yard count, please make sure tires not yet delivered and/or no PTR has been created for are not included in the yard count numbers
 - If a pile of tires has been delivered to a processing facility but a PTR form has not yet been created. (these numbers should be included on your yard count)
- For any loads not in usual trends (high variance, high load counts), OTS is again reminding Haulers to take a picture of the load as this will provide support to that transaction (ex. Any loads greater than 1100 tires)
 - Please be specific as to why the variance for example greater than 35% (ex. Not just stating large tires)

3) Tire Transportation and Delivery Update

- REMINDER: Paper transactions require OTS approval prior to use.
- There has been an increase in activities in the program of which the same individual is signing on behalf of the Collector and as well as the Hauler.
 - There must be a separate name signing these transactions.
 - If there is Collector approval, it is required for the Collector to reach out to OTS that this is an approved business practice
 - Signatures are to occur at the facility where tires are being picked up. Distances are becoming quite large and thus questionable TCR's.
 - Reminder: All transactions must completed and signed at the Collection site, by the Collector and Hauler. Should a transaction not be completed at a Collection location it will be made invalid.

4) Tire Processing & Manufacturing Update

Processors

- Yard Counts – Required for end of September 2017
 - Include bags full or crumb to be sold
 - Specifics to OTR counts
 - Do not need counts of tires in trailers if you are participating in the OTS trailers program(as OTS will cross reference these numbers)
 - RFP for Medium Truck Tires
- Capacity Concerns

Manufacturing

- Scale tickets are always required for transactions

5) TI Rates – October 1st, 2017

Processor TI On Road Rates		Processor TI Off Road Rates	
Delivery Zone		Delivery Zone	
Moose Creek	\$1.36	Moose Creek	\$1.63
GTA/Brantford	\$1.34	GTA/Brantford	\$1.58
Windsor/Tilbury/Chatham	\$1.55	Windsor/Tilbury/Chatham	\$1.78
Sturgeon Falls	\$2.27	Sturgeon Falls	\$2.27 *
		*Confirm acceptable Processor tire types for Sturgeon Falls Delivery Zone at:

6) TreadMarks Mobile

TreadMarks Mobile

OTS will be deploying a new version of TreadMarks Mobile beginning at **8 PM on Friday, October 27, 2017.** - Delayed

The new version of TreadMarks Mobile **will not replace your current version.**

You will see a **second** TreadMarks icon on your home screen, **“TreadMarks 2.1”**.

TreadMarks Mobile

When the new version (2.1) installs, we ask that you **begin using it for new transactions**, and complete or void any outstanding transactions in the old version (2.0.3 or earlier).

OTS will delete older versions of TreadMarks Mobile on your iPads beginning on December 1, 2017.

We will send out a reminder closer to that time.

TreadMarks Mobile

Please make sure you sync your iPad, leave it plugged in, turned on, and connected to a reliable Wi-Fi signal during the evening of October 27.

If you have questions regarding this email or need assistance with your account, please call OTS toll-free at 1-888-687-2202 or email info@rethinktires.ca.

Rethink your relationship with tires

TreadMarks Online

RethinkTires.ca

TreadMarks Online Release:
October 25, 2017 | 5 PM | 4 Hours

Access to TreadMarks Online and iPad Sync
Services will be **unavailable** during the release
