

Rethink your relationship with tires

UTP Program Model

The Used Tire Program(UTP) operated by OTS achieves high rates of diversion while incenting high value-added recycling and encouraging competition in the market by setting performance standards for service providers and offering financial incentives to any and all providers meeting those standards.

The program policies and incentive rates are calibrated to reward higher levels of performance and encourage investment in Ontario.

Rethink your relationship with tires

Market Objectives

2013 Diversion

	2013	2012
Tonnes Supplied	155,055	149,195
Tonnes Collected	139,934	154,004
Tonnes Reuse	10,535	13,149
% Reuse	7.5%	8.5%
Tonnes TDP	81,609	89,505
Tonnes Crumb	74,752	68,441
% Crumb	92%	76%
Tonnes crumb in Manufacturing	37,622	32,715
% TDP used in Manufacturing	50.3%	47.8%
% Diversion	110%	109%

Rethink your relationship with tires

UTP Program Model

Incentive Programs

The Incentive programs implemented by OTS have been extremely successful. All areas of Ontario are receiving free tire collection, 100% of Ontario's tire are being recycled in the province (a 100% increase from program launch) and Ontario-based manufacturing capacity has doubled and now consumes 50% of the output from Ontario processors.

This success has come with higher program costs. To date OTS has managed these by reducing non-incentive expenses and addressing the revenue vs. expense imbalance in the OTR "division".

Rethink your relationship with tires

UTP Program Model

Incentive Programs

On May 2014 OTS implemented its 2nd annual decrease in PLT fee rates.

- To date PLT TSF rates have decreased by 17%

Based on current financial forecasts OTS expects to be able to maintain current TSF rates in 2015.

OTS is looking at additional market-development opportunities:

- Consumer rebates
- Rubber Modified Asphalt projects
- Enhanced R&D funding

Rethink your relationship with tires

UTP Program Model

Incentive Programs

Driven by the success of the program resulting in increased rates of production of high-value crumb and the growth of manufacturing activity OTS program costs have been on an upward trajectory 2012 – on.

In Spring 2013 OTS began consultations on changes to the incentive programs and rates reflective of the changed market and fiscal pressures faced by the program.

These changes were designed to ensure the UTP affected the market fairly, reduce the surplus of funding being provided by OTS to the market, and allow OTS to continue to meet its financial obligations: pay down the historic OTR Tire program deficit, hold the line or reduce fees; fund the program reserve

Rethink your relationship with tires

UTP Incentive Program Changes

Incentive Reductions

- **July 1st 2014** – Reduce PI rates by 15% and OTR PI premium to 15%
- Continue Feedstock Arrangements for OTR tire Feedstock until January 1st 2016
- **July 1st 2014** – Reduce MI to a flat rate of \$120/tonne
- **October 1st 2014** – Shift Transportation Incentive (TI) Model to the DZM and shift payment of TI to the Processors
- **July 1st 2015** – Reduce PI rates by 10% and OTR PI premium to 10%
- **July 1st 2016** – Reduce the MI to \$80/tonne

Rethink your relationship with tires

UTP Program Model

Incentive Programs – Collection Allowance Changes

October 1st 2014 : All Collectors must complete quarterly OTS collection reports for the July-September claim period.

- Filing of quarterly reports will be mandatory going forward
- All used tires including those collected, generated, culled, sold by a Collector must be reported
- Collectors will now be responsible for providing information regarding the source of the used tires as part of the quarterly report

To make claims filing easier OTS has made changes to the way Collectors file quarterly reports.

Rethink your relationship with tires

New Collector Claim Periods

As of October 1st 2014 (July to September 2014 claim period) it is mandatory that all Collectors submit their claims to OTS even if it is a zero dollar amount claim (no quarterly activity).

The Collector will be able to see up to 5 months in the drop down menu

For Example; From Jan to March 2016 the Collector will see this:

October-December 2014 (able to submit claim but with a payment calculate at \$0.00 – sent to claims for review on TM side)

January-March 2015 (able to submit claim but with a payment calculate at \$0.00 – sent to claims for review on TM side)

April-June 2015(able to submit claim but with a payment calculate at \$0.00 – sent to claims for review on TM side)

July-Sept 2015(able to submit claim but with a payment calculate at \$0.00 – sent to claims for review on TM side)

Oct-Dec 2015 (open for filing)

Jan-Mar 2016 (open for viewing not submitting yet)

Home About OTS Tire Recycling in Ontario Registration Roles & Operations News & Media Resources

Ontario Tire Stewardship (OTS) is an Industry Funding Organization (IFO) incorporated under Ontario's Waste Diversion Act, to implement and operate the Used Tires Program. This province-wide scrap tire recycling program for On-road and Off-road tires supplied into the Ontario market will divert scrap tires away from burning and landfilling to 3Rs (Reduce, Reuse, Recycle) processing and uses. Launched on September 1, 2009... [Find out more.](#)

What Happens to Used Tires in Ontario?

Whether piled up at your local service station, abandoned along a road or neatly tucked into a corner of your garage, used tires are all around Ontario. Some find their way to a recycler who will make new green products such as playground surfaces or patio tiles, but many others end up in landfill, or are sent to be burned for fuel in a cement kiln or power plant. The Ontario Used Tires Program will change all of this for the better... [Find out more.](#)

Notice to All Collectors re: Claim Adjustments 2011 Update

In response to Collector concerns regarding the ability to adjust Claims submitted within the filing deadline but which may have not have accurately characterized the quantities of eligible program tires collected during the Claim period, OTS will allow Collectors to request Collector Claims adjustments.

Only Collectors that have identified themselves to OTS as requiring this ability, who have filed a Claim for the period for which they are requesting the ability to make adjustments and request the adjustment prior to the close of that period will be eligible to utilize this functionality. Collectors who have not filed a Claim for a given period or who request an adjustment to a closed period will not be able to use this functionality to file a new Claim.

Due to the increasing number of Collectors who are identifying themselves as having filed an incomplete or inaccurate claim OTS is experiencing significant additional administrative and system challenges managing these cases. Effective immediately OTS is implementing the following policy applying to adjustments:

All adjustments made to Collector Claims for a 2011 claim period may be subject to a 35% administrative penalty on the net adjustment.

Adjustment requests for September 2009-September 2010 periods are no longer being accepted.

Adjustment requests for the October-December 2010 period will be accepted up until April 30th 2011 and if approved subject to the 2010 administrative penalty of 20%.

The application of this Administrative penalty is subject to review by OTS, and will apply only to the adjustment portion of the Collector Claim, and not the entire Claim that a Collector may have submitted for a given Claim period.

All Collectors wishing to utilize the Collector Claim Adjustment option should send a note to Collector@ontarioTS.ca to identify themselves with the following information:

- Collector number

UTP Program Model

Incentive Programs – Collection Allowance Changes

Completion of quarterly reports will allow OTS to process Collection Allowance payments to Collectors on eligible tires picked-up by registered Haulers.

Failure to complete the required reports may result in a Collector being suspended or terminated from the program.

UTP Program Model

Incentive Programs – Collection Allowance Changes

For more information on reporting requirements, how OTS determines whether tires are eligible for Collection Allowance, reporting requirements and other obligations of being a registered Collector please consult the Collector Guidebook at <http://rethinktires.ca/program-participants/collector/resources/> .

OTS will be hosting a series of webinars for Collectors on how to file claims and the new reporting requirements. Contact OTS at info@rethinktires.ca for more details and to register for a scheduled webinar.

UTP Program Model

Incentive Programs – Collection Allowance Changes

April 1st 2015 : OTS will shift to paying Collection Allowance exclusively by Electronic Fund Transfer (EFT)

- All CA payments relating to used tires collected during the Q1 reporting period and periods following will be paid exclusively by EFT.

Starting in October OTS will be contacting Collectors to request they provide OTS with information to enable EFT. A form will be provided for Collectors to fill-out and return to OTS.

UTP Program Model

Incentive Programs – Collection Allowance Changes

October 1st 2014

RE: Payment via EFT

Ontario Tire Stewardship (OTS) is pleased to announce the availability of Electronic Fund Transfer (EFT) payments to Program Participants. EFT payment from OTS will allow payment to be expedited to your organization using secure software technology. OTS is moving towards the elimination of cheques as a form of payment to reduce fraud and mailing issues.

To avoid any disruptions in our payments to you, please fill out the information below. Once the requested information is authorized by a signing officer from your company, please send it along with a copy of a void cheque by February 1st 2015 to scorasaniti@rethinktires.ca or fax to: **1-866-884-7372, Attn: Stefanie** Ontario Tire Stewardship, 300 The East Mall Suite 100, Toronto, ON M9B 6B7. Please note it is very important we receive your information by February 1st 2015 in order to process future payments in a timely manner.

Rethink your relationship with tires

What is TreadMarks Mobile?

- Application (app) developed by OTS that runs on an iPad Mini.
- Electronic manifest system that replaces the paper forms currently used by Collectors and Haulers (TCR forms)
- Captures all the components of a form electronically, including supporting documentation such as scale tickets.
- Transmits your forms (transactions) to OTS over a WiFi Internet connection.
- Participants identified with QR Codes.

What changes for Collectors?

- Each Collector will be required to post a unique QR code.
- When a Hauler picks up tires, they will scan your QR code.
- You will verify the tire counts and provide your signature on the iPad.
 - For the July-August period Collectors will have to manually enter form data for pick-ups in July, pick-ups after August 1 will automatically be uploaded to your account
- To submit your claim, you will login to the existing online system, verify your transaction counts, and click to submit.

QR Codes

- A QR code is a bar code that can be scanned by electronic devices.
- Your QR code contains your registration number, and is scanned by the Hauler at the time of tire pickup.
- **QR codes will be mailed to Collectors the week of June 2.**
- Photocopying or moving the QR code is prohibited – may lead to OTS deleting tire quantities from a Collectors claim

PROGRAM
PARTICIPANT

Rethink your relationship with tires

Zachary's Auto Garage
2000233-001

- All Collectors must have the QR code in place for any TCR pick-ups as of August 1, 2014
- Tire pick-ups at Collectors without a QR code as of this date must go on a UCR form
 - NO CA or TI will be paid
- OTS is undertaking a significant outreach effort to Collectors to ensure all have QR codes in place by this date
 - Webinars through late-May to mid-July
 - E-mail blasts through June and July
 - Outreach to Collector Associations
- For all inquiries contact OTS at info@rethinktires.ca.

Verifying the Claim with the Hauler

- Hauler will review the transaction with you on the iPad.
- You will need to ensure that your Collector information, tire counts, and eligibility are correct.
- The Hauler can make any changes to the TCR prior to signatures.

Signing the TCR Transaction

- Use your finger to draw your signature on the iPad.
- Type in your first and last name using the onscreen keyboard.

Viewing TCRs Online

- TCR information from TreadMarks Mobile appears on your existing online portal.
- You cannot edit or delete Mobile transactions.

Collectors FAQs

I have not received my QR Code sign, what do I do?

OTS can send you a new sign, e-mail info@rethinktires.ca to request a new one.

My QR code sign was damaged, how do I get a new one?

OTS can send you a new sign, e-mail info@rethinktires.ca to request a new one.

Collectors FAQs

I do not know how to access my account or file a Claim, how do I get help?

Please refer to the “Collector Guidebook” on our website at www.RethinkTires.ca or contact our call center at 1-888-687-2202

My QR Code is not scanning?

1. Ask you Hauler if they have synced their device within the last 24 hours, if they have not then request that they sync their device at your facility and try again.
2. Your Collector registration number may be inactive with OTS. Please call us at 1-888-687-2202
